All --

Based on the documents I have, the Consulting Agreement expired 12/31/13. Does anyone have an extension?

Does anyone have an email address for Larry?

Donna, would you please make any necessary adjustments to the attached SOW? Note that you only requested \$12,000 for Larry, and we cannot accrue amounts less than \$25,000. In the SOW, it would be best to split the work into Phases with a specific amount of money tied to each phase, and then a total amount. For instance, this would be Phase 1 - \$12,000. Phase 2 - \$XX,XXX, Phase 3 - \$XX,XXX for a total of \$XXX,XXX. Setting it up this way will prevent us from needing an amendment for work after 9/1/15.

Thanks,

Darla

Donna,

We will need a statement of work and quote.

We will need to have PO in place and if the value is greater than \$25K we will need to have the invoice received by 8/21 so accounts payable can accrue the cost in FY15

Ron,

My apology...appears we have let something slip thru the cracks.

We have another consulting doing the same thing that John Acquavella is doing for the epidemiology area...Larry Kier is facilitating the gentox area of the expert panel.

We have had a contract with Larry Kier before.

How do we get this set up for Larry so that he too can be paid ~ 12K in 2015?

Thanks in advance for your help!

Donna
