**Subject:** RE: Issuance of glyphosate Test Orders for the EDSP

Bill had the same comment. They have made Gary Timm from OSCP the head of the program at EPA NOT Jess Roland from OPP. This is not a good development and dramatically cuts our chance our chance for success. It became very political at EPA and OSCP got their way, again! I can more offline.

I am going to try and complete the For the Record done very soon. I'll send it to you first for review.

Thanks,

Steve

All,

The test orders for glyphosate are dated as being issued yesterday but were posted on the EPA ED homepage this morning. The deadline for submitting the response is April 24<sup>th</sup>.

If I counted correctly, test orders were issued to 23 companies. The order due date is January 14<sup>th</sup>, 2012
